Bhubaneswar | 8249152084 | [monalishadash2325@gmail.com](mailto:monalishadash2325@gmail.com)

## **PROFILE**

Creative and detail-oriented developer passionate about building intuitive, user-centric digital experiences. Skilled in turning complex ideas into elegant, functional designs that drive engagement and deliver real impact.

## **WORK EXPERIENCE**

### **UI/UX Developer | Threatsys Technology Pvt. Ltd. (Aug 2025 - Present)**

As a UI/UX Developer at Threatsys, I design and implement user-centric web interfaces and develop front-end solutions for various projects, ensuring a seamless balance between robust security features and intuitive user experience

### **UI/UX Developer | Nexus Technoware Solutions Pvt. Ltd. (June 2024 - June 2025)**

- Designed and implemented user-centric **web interfaces** for government and private sector clients. Collaborated with product teams to translate business needs into intuitive user interfaces.
- Ensured **responsive** and accessible design implementations for web and mobile platforms.
- Integrated **APIs** within **Angular** applications to enable dynamic content rendering and enhance user interactivity.

### **UI/UX Developer Intern | Nexus Technoware Solutions Pvt. Ltd. (Dec 2023 - May 2024)**

- Gained hands-on experience **with accessibility guidelines, layout grids, and design systems.**
- Worked with industry-standard tools to enhance user experiences.
- Assisted in optimizing user flows for mobile and web applications.

## **PROJECTS**

### ➤ **Threatsys Academy**

- Spearheaded the complete design and development of a responsive website, handling UI, UX, and frontend implementation with a focus on seamless user experience and smooth animations.

**Technologies Used:** HTML, CSS, JavaScript, GSAP (GreenSock Animation Platform)
